

# How secure is your workplace ?

## The Titan Grille

With crime increasing in many areas, a visual deterrent is proven by the police to vastly reduce the burglary rate on most types of property.

Retractable window Grilles provide a high level of security, with excellent vision when closed and complete vision when open.

Insurance approved, they are recognised as one of the strongest available today.

### PRODUCT CHECK LIST

- 30% heavier - more secure
- Fast and easy installation
- Single or double sash option - no extra cost
- Maximum vision when closed - smallest bunch size
- Unique high security locking system

# How secure is your home ?

## The Titan Grille

In the home the Titan Grille can be hidden behind curtains when not in use, so looking good aesthetically, whilst providing the highest form of security when closed.

All products are manufactured to the highest standard. They are custom made to suit all sizes, designed to be unobtrusive and aesthetically pleasing.

### OPTIONS

- Lift up tracks for doorways
